

MORE CORES, LESS NOISE

# Microway WhisperStation

## WhisperStation™ featuring Quadro GV100

### Quietest Workstation for NVIDIA® Quadro® GPUs

Increase your application performance with 20,480 CUDA® cores connected with 100 GB/s NVLink®.

- 4 Quadro GV100 GPUs
- 53 TFLOPS of FP32 performance

## QuietQuad WhisperStation

### The Most Powerful Workstation

Packs four Intel® CPUs into a workstation form-factor, for 2X the compute capacity & memory bandwidth.

- Up to 96 Xeon processor cores, optional GPUs
- Up to 2TB of memory

## Maximum Performance, Minimum Noise

- Designed by experts to ensure your system delivers optimal application throughput
- Quiet from the ground up: carefully selected chassis, fans, & power supplies for minimal noise
- Noise dampening material and ultra-quiet heatsinks

## 2P WhisperStation

### Bleeding Edge Performance

Quiet workstation used by researchers, manufacturers, and design professionals since the early 1990s.

- Max 64 processor cores
- Up to 2 TB memory
- Max 80 TB storage, hard drives or SSDs.
- Available with Quadro Professional Graphics

## WhisperStation OC Pro

### Ideal for Lightly Threaded Applications

Our fastest single CPU solution, with rock solid professional reliability.

- Overclocked CPU  
Speeds up to 5.0GHz
- Overclocked memory
- Professional graphics

## Legendary Service and Technical Support

- **Lifetime Technical Support:** Every Microway system comes with phone and email support for the life of the hardware.
- **Linux System Support Experts:** Our support team understands the intricacies of Linux clusters, servers, and workstations. HPC is our only business.
- **Advanced Replacement Parts Warranty:** No waiting to return failed parts. Replacement components typically dispatched via 2 Day shipping.

## Custom Software Integration Specialists

- Fully integrated, able to run applications out-of-the box
- 64-bit Linux (SUSE, Red Hat, CentOS, Gentoo, Debian)
- Microsoft® Windows® 10, Windows Server
- Intel, Portland Group® and GNU Compilers
- Legendary Service and Technical Support
